

Revised 3/3/17

**THE UNIVERSITY OF OKLAHOMA COLLEGE OF NURSING
BACCALAUREATE PROGRAM**

REQUIRED TEXTBOOKS – RN-to-BSN & LPN-to-BSN Fall 2017 Spring 2018

General information about textbooks:

Textbooks may be used for multiple courses. Do not sell your books until you find out which texts will be used for which course. You might need them next year.

If you purchase a used book, you may need to purchase additional online resources. When this applies, the books are identified with an appropriate notation.

Purchase the book edition listed here. This edition has information not included in an older edition. Assigned readings are based on the current edition. So, you would not know exactly what pages to read as you prepare for class. Older editions do not have the most current information. More important are the reading assignments. With an older edition, you will not know exactly what you need to read.

Read more 'FAQ- Frequently asked questions-Books' document enclosed with your application packet and posted online.

The E-book packages are available for purchase from the University of Oklahoma College of Nursing Alumni Association or the campus bookstore. Print copies of textbooks may be purchased individually or as a discounted package from the campus bookstore. Radcliffe's is the campus bookstore for Oklahoma City and Tulsa; Lawton students can purchase books through the Cameron University bookstore.

When purchasing E-books, remember to purchase access for 2 years.
