

OU College of Nursing Response to Clinical & Campus Guidelines Fall 2020

Plans for Return to On-Site Instruction

Duncan, Lawton, Tulsa, Oklahoma City

Approved July 24, 2020

Revisions Aug. 12, 2020, Sept. 22, 2020, Nov. 20, 2020, Dec. 4, 2020, Feb. 16, 2021

Screening Tool

Students returning to campus must complete the online COVID-19 Screening and Reporting Tool <https://covidreporting.ouhsc.edu/> and submit it before returning to campus if they have any instances described in [section V below](#). The Student & Employee Health Clinic will notify students via their University email address of their screening results and will provide additional instruction on how the students are to share the email from Student & Employee Health before they attend a clinical rotation or on-site instruction.

Students will receive virtual orientation to classroom, clinical, and community sites; best practice requirements for site-specific expectations, mandatory masking procedures, and social distancing.

D2L quiz required post orientation.

Building Access and Amenities

| Location | Entry to Building | Entry to Classrooms | Entry to Lab/Simulation spaces |
|----------|---|--|--|
| Tulsa | Badge Access or South Guard Gate Entrance | Open if a scheduled designated classroom | Badge Access if CON or Tandy spaces |
| Lawton | Restricted Access | Open if a scheduled designated classroom | Open if a scheduled designated classroom |
| Duncan | Restricted Access to Duncan Learning Center | Open if a scheduled designated classroom | Open if a scheduled designated classroom |
| OKC | Restricted Access to OU CON OKC Building | Open if a scheduled designated classroom | Open if a scheduled designated classroom |

I. Teaching setting

- A. Didactic large-group course (defined as more than 10 people) online ONLY For small groups (under 10 people) the space must be large enough to accommodate six-foot social distancing for all participants.
- B. Didactic small-group seminar sessions may meet via online or on-site, as typical for the course; in-person sessions must follow the guidelines listed in section III Social Distancing. (See Appendix A)
- C. Professional Practice lab sessions will be organized for a maximum of 9 students with one faculty member per approved space. Due to room dividers, OKC and Duncan will have two approved separate spaces per single lab session.
- D. Simulations will follow the guidelines listed for professional practice lab sessions.
- E. Clinical instruction: See pages 4-6 of Return to Clinical plan.

II. Social Distancing and Gatherings

Social Distancing refers to keeping a distance of at least 6 feet between individuals. According to the Centers for Disease Control and Prevention (CDC), it is one of the most effective methods of avoiding infection and reducing the spread of COVID-19. Social distancing requirements apply in all workplace settings on campus including public settings, common areas, and shared spaces on campus and at OUHSC events.

- A. Public Settings, Common Areas, Shared Spaces - When individuals must maintain a physical distance from others of at least six feet.
 1. Indoors - If the public setting, common area, or shared space is indoors, individuals must also wear a surgical-style mask (see Section III below).
 2. Outdoors - If the setting, area, or space is outdoors, individuals are strongly encouraged to wear a surgical-style mask. If social distancing cannot be maintained outside, individuals must wear masks.
 3. Tents – If the tent has side panels, it is considered an indoor space. Masking in the tent is mandatory, and social distancing must be observed. If the tent has no panels, it is considered an outdoor space. Masks are encouraged, and social distancing is mandatory.
- B. Social Distancing Alternatives - When social distancing of at least six feet is not possible in an indoor or outdoor public setting, common area, or shared space, a mask must be worn and additional mitigation, such as the following options, must be implemented where possible:
 - staggered breaks or shifts
 - reconfigured physical space
 - reconfigured seating designations
 - revised workflow processes (e.g., drive through, partitions, curbside pickup)
 - flexible meeting formats, such as video or telephone conferencing¹
- C. Organized Campus Gatherings¹ – All organized campus gatherings that cannot comply with the requirements of this Paragraph C must be submitted to the SPPOT/EOC Executive Group for review and approval.
 1. Indoors - Organized campus gatherings that are hosted indoors, including meetings, must not exceed the COVID capacity for the space, which must allow for social distancing of at least six feet between individuals. Masks must be worn. University-sponsored events held off campus must comply with the facility's COVID requirements as well as those in a-g below.

All organized indoor campus gatherings must include precautionary measures, including, at a minimum, these:

- a. All attendees must comply with the masking requirements in Section IV: Masks and Protective Eyewear.
- b. Hand sanitizer must be available at each door to the room.
- c. If there are multiple entries to a room, one should be designated (signs posted) for entry and one for exit.
- d. Extra masks must be available in the room.
- e. The group managing the event must wipe down the room using CDC-approved sanitizing materials after the event.
- f. The group managing the event must ensure the above requirements are met throughout the event; this may require reminders to attendees and a monitor at the door to maintain COVID Capacity. For assistance in determining COVID Capacity, contact your campus Operations department.

¹ An organized campus gathering is a meeting, event, or activity that is not a spontaneous social gathering.

- g. Outdoor - Organized campus gatherings are limited to the number of individuals who can be in the event space while observing social distancing of at least 6 feet. For assistance in determining COVID Capacity, contact your campus Operations department.
 - a. Attendees must wear masks.
 - b. Hand sanitizer must be available at the gathering.
 - c. Extra masks must be available at the gathering.
2. Outdoor - Organized campus gatherings are limited to the number of individuals who can be in the event space while observing social distancing of at least 6 feet. For assistance in determining COVID Capacity, contact your campus Operations department. University-sponsored events held off campus must comply with the COVID requirements of the space, as well as those in a-c below.
 - a. Attendees must wear masks.
 - b. Hand sanitizer must be available at the gathering.
 - c. Extra masks must be available at the gathering.

III. Masks and Protective Eyewear

Indoor Masking: Until further notice, all individuals in indoor campus facilities must wear a disposable or cloth [surgical-style facemask](#).² Non-medical grade masks that have exhalation valves with or without filters may not be worn on campus unless a surgical style mask is worn over it. Scarves, bandanas, gaiters, buffs, and the like are not acceptable. Masks must cover the nose and mouth.

Masking in Vehicles: Masks must be worn by all passengers in University-provided transportation, such as shuttles, buses, police safety escorts, and University owned/leased vehicles. Drivers of any University vehicles must wear a mask when passengers are present.

Outdoor Masking: Masks must be worn in outdoor campus spaces where social distancing cannot be maintained and when otherwise required by the University, such as for certain events.

Disability Accommodations: If an employee or student indicates compliance is not possible due to medical reasons, the individual should be referred to the appropriate University office to request accommodations on the basis of disability (Human Resources for employees; Accessibility & Disability Resource Center for students). If a patient states compliance is not possible due to medical reasons, contact the clinic manager for direction. **Cloth** face coverings should NOT be worn by children under the age of 2 or anyone who has trouble breathing, is unconscious, incapacitated, or otherwise unable to remove the mask without assistance, per the CDC.

Masks

- A. Masks for Students and Employees - The University will make masks available to employees and students appropriate to their on-campus responsibilities.
 1. Employees - The CON Building Supervisor³ should complete this [form](#) to obtain surgical-style masks for CON employees from central mask inventory.
 2. Students – The CON Building Supervisor coordinates mask acquisition for on-campus students from HSC Student Affairs. She also coordinates mask procurement for Lawton students from HSC Student Affairs and distributes to the Lawton CON Site Director⁴. Masks for students in Tulsa are obtained by

² Provided, however, that when individuals are in their own enclosed private workspace, are at least 6 feet from others, and are not interacting with others, they may remove their masks. For purposes of this policy, a cubicle or office with an open door is not considered “enclosed.”

³ CON Building Manager is Laurie Price, Associate Dean for Finance and Administration

⁴ Lawton CON Building Manager, Lori McElroy, DNP, RN (Site Director)

the Tulsa CON Site Director⁵ through the OU-Tulsa Student Affairs. Students in off- campus rotations who need masks should contact HSC Student Affairs or OU-Tulsa Student Affairs, as applicable.

3. Re-Use - Employees and students must observe the following re-use guidelines:
 - a. Disposable Masks - Disposable filtration surgical-style masks worn in non-clinical/non-surgical areas should be worn on campus for five consecutive days, or until soiled, whichever occurs first. (Those worn in surgical, research, and clinical areas are subject to surgical, research, or department re-use policies.)
 - b. Cloth Masks – Cloth masks should be washed and fully dried after each day’s wear. [Appropriate cleaning of the mask](#) is the responsibility of the wearer.
- B. Masks for Patients and Guests – When possible, patients should be asked to wear their own mask to their appointments and to advise their guests to do the same. The University will make surgical-style masks available to patients and their guests who do not bring their own approved masks. Information regarding obtaining masks for patients and accompanying family members or caregivers who do not have their own masks is available from clinic staff.
- C. Masks for Vendors and Others – When possible, vendors and others should be asked to wear their own mask to the CON. The CON will make surgical-style masks available to vendors and others who do not bring their own approved masks. Information regarding obtaining masks for OKC visitors can be obtained from the CON Building Manager. Mask for vendors and others at the CON Lawton and Tulsa sites can be obtained from the Site Director.
- D. Masking Compliance Program – The Health Sciences Center, through SPPOT/EOC and OU Physicians, will implement a masking compliance program for its on-campus facilities. The program will include, at a minimum, a regular review of masking compliance in each facility, followed by a weekly report detailing findings to the building coordinator and deans and vice presidents located in the facility for action (education, signage, training, etc.).

Protective Eyewear

- A. Employees, students, and trainees providing direct patient care responsibilities in HSC and OUM facilities must wear approved protective eyewear, in addition to a surgical-style mask, to protect against exposure to respiratory secretions during patient care. Protective eyewear will be made available by the hospital or clinic; individuals who elect to provide their own must comply with the following paragraph B.
- B. Protective eyewear must wrap around the front and side of the eyes. Acceptable protective eyewear include:
 - Goggles
 - Face shields that cover the front and sides of the face (thicker sides/arms; not like eyeglasses)
 - Other protective eyewear such as safety glasses or trauma glasses - these must not have gaps between the frame of the glasses and the face. If there are gaps, they likely do not protect the eyes from all splashes and sprays.

NOTE: Prescription eyewear, reading glasses, and sunglasses are not considered protective eyewear due to the openings around the side of the frames.

- C. Individuals must ensure eye protection is compatible with the respirator they wear so there is not interference with proper positioning of the eye protection or with the fit or seal of the respirator.
- D. If an employee or student indicates compliance is not possible due to medical reasons, the individual should be referred to the appropriated University office to request accommodations on the basis of

⁵ Tulsa CON Building Manager, Emma Kientz, DNP, APRN (Site Director)

disability (Human Resources for employees; Accessibility & Disability Resource Center for students).
[Click here for instructions about how to disinfect protective eyewear.](#)

IV. Sanitizing Facilities and Equipment

- A. Properly clean and disinfect equipment, tools and any devices, such as stethoscopes, IV pumps, smart devices, etc. shared between learners and faculty or staff with approved cleaning solution per CDC guidelines for disinfecting COVID-19. Cleaning supplies will be kept in the skills lab. Each student will be responsible for cleaning their personal equipment and shall not share it with others. For shared equipment, the lab faculty assigned to each group will be responsible for cleaning and disinfecting equipment and supplies shared between learners.
- B. Department/Area Responsibility: Daily facility cleaning will be performed by each site's housekeeping department.
- C. The Professional Practice Lab Director and faculty will ensure proper disinfection between lab sessions.
- D. Faculty are responsible for proper disinfection of common areas used for their scheduled small group seminar sessions.
- E. Individual Responsibility - Individuals are responsible for cleaning their personal and shared spaces, equipment, and simulators (**NO Bleach solution on simulators**) before and after each use.
 1. **Shared Items** - Individuals should avoid using others' phones, computers, work tools, etc., when possible. Individuals using shared office items, such as copiers, should clean and disinfect the items before/after use.
 2. **Food Preparation** - Individuals may prepare food in common areas, observing social distancing as described in section II, and must clean the area after use.

V. Testing, Isolation, and Contact Tracing

- A. **Positive Tests** - If an employee or student tests positive for COVID-19, they and the University will cooperate with the appropriate health department in its contact tracing efforts.
 1. Supervisors who are made aware that an individual in their area has tested positive should contact General Services and EHSO as described in Section VI.B.2 above for disinfecting assessment, if the individual was on campus in the past 24 hours.
 2. All employees and students who have received a positive COVID-19 laboratory test must obtain clearance from the Student & Employee Health before returning to on-campus University responsibilities via the online COVID-19 Screening and Reporting Tool <https://covidreporting.ouhsc.edu/> before returning to on-campus University responsibilities. Clearance may require proof of a negative COVID-19 test.
PLEASE NOTE: At this time, the University does not accept negative rapid COVID-19 antigen tests from any clinic or laboratory.
- B. **Confirmed Exposures** - Employees and students who know they were exposed to a laboratory-confirmed COVID-19 positive individual are expected to notify the Student & Employee Health Clinic via the online COVID-19 Screening and Reporting Tool <https://covidreporting.ouhsc.edu/> and to follow the directions provided by the Clinic and by the applicable health department involved (if any). **This reporting is required, even if the employee or student has received the complete COVID-19 vaccine series.** That direction may require certain actions, such as to remain away from University property⁶ and from on- and off-campus events until approved for return by Student & Employee Health.
 1. Employees should communicate instructions with their direct supervisor.

⁶ Excludes individuals who live in University Village Apartments (UVA). If any UVA residents test positive for COVID-19, they are encouraged to contact Joe Schmidt, HSC Student Affairs, at 405-271-2416 for assistance.

2. Students should communicate instructions with their faculty and/or program directors.

VI. Monitoring Employees, Students, and Visitors for COVID-19 Symptoms - Mandatory Reporting Process

A. **Monitoring Employees and Students** - Employees and students must complete the online COVID-19 Screening and Reporting Tool at <https://covidreporting.ouhsc.edu/> before resuming on-campus activity or responsibility each time they answer **YES** to any of the following questions below. The employee or student will be notified via email of their screening results and will follow the instructions included for forwarding the email. **This reporting is required, even if the employee or student has received the complete COVID-19 vaccine series.**

1. Are you experiencing symptoms that could be consistent with COVID-19, such as fever, cough, shortness of breath or difficulty breathing, chills, muscle pain, sore throat, recent loss of taste or smell, and/or extreme fatigue? (Please also contact a health care provider regarding specific symptoms.)
2. Do you have COVID-19 test results pending following an exposure or symptoms, or did you test positive for COVID-19 within the last 14 days?
3. Have you had close contact (been within 6 feet, for approximately 15 minutes or more⁷) with an individual diagnosed with COVID-19 in the last 14 days or with someone who has been tested for COVID-19 and whose results are pending in the last 14 days?
4. Do you have a household member who has tested positive for COVID-19 in the last 14 days?
5. Have you traveled internationally? If so, in addition to completing the Screening and Reporting Tool within 48 hours of your return, and you must self-quarantine away from campus⁸ for the period directed by Student & Employee Health.
6. Have you taken a domestic or international cruise? If so, in addition to completing the Screening and Reporting Tool within 48 hours of your return, and you must self-quarantine away from campus for the period directed by Student & Employee Health.

NOTE: Individuals must also comply with the screening and reporting processes in place at their assigned locations/rotations

B. **Temperature Checks** - Temperature checks may be required only for individuals entering buildings/areas where patient care is provided.

NOTE: Individuals must also comply with screening and reporting processes in place at their assigned locations/rotations.

VII. Travel

A. **Travel Guidance** – FAQs on domestic and international travel are available [here](#).

VIII. Enforcement

Students who refuse to comply with this Return Plan are subject to disciplinary action, in accordance with the Student Code and applicable student handbook policy.

⁷ It is possible for COVID-19 to spread in shorter periods of time or in different distances, so individuals should monitor their health and complete the online Screening and Reporting Tool if they experience COVID-19 symptoms.

⁸ Excludes individuals who live in University Village Apartments (UVA). If any UVA residents test positive for COVID-19, they are encouraged to contact Joe Schmidt, HSC Student Affairs, at 405-271-2416 for assistance.

If a student indicates compliance is not possible due to medical reasons, the individual should be referred to the Accessibility & Disability Resource Center.

Return to Instruction/Clinical Plan

1. CON students returning to clinical sites will follow guidance from the College of Nursing and from the hosting clinical facility.
Prior to returning to campus and/or to the clinical site, students who meet any of the instances described in section V in the Return to Clinical Plan must complete the [University's Online Screening and Reporting Tool](#) and email the results to their immediate supervisor or instructor prior to returning to campus.
2. Each time you experience one of the scenarios listed in the online [COVID-19 Screening Guidance](#), you must follow the below steps:
 - Complete the [COVID-19 Screening & Reporting Tool](#). The Student & Employee Health Clinic will notify you, via your University email address, of your screening results.
 - After receiving your screening results, please send your results to the specified email address for your college/program outlined in your results email.
 - After forwarding your screening results to the specified college results email address, you can send your screening results to your individual instructors or preceptors.
3. In addition to the University's online Screening and Reporting Tool, all students will complete the D2L pre-clinical survey within 12 hours of arriving to any new clinical experience. (See Appendix B)
4. Clinical faculty for each student is expected to review the pre-clinical survey and advise students per instructions on the survey for appropriate actions. Any student who answers "disagree" to any of Questions 1-6 on the D2L Screening questions or whose answers fit within Section V 1-4 of the [OU College of Nursing Return to Clinical & Campus Guidelines Fall 2020](#) (p4 of this document) will be instructed to complete the University's online [Screening and Reporting Tool](#).
5. In order to attend clinical at any host site, the host agency must be prepared to provide the student with all necessary PPE to perform safe patient care. If the host agency is not able to provide PPE for the student, an alternate clinical agency will be used.

The following table lists clinical agencies and their current specific COVID-19 guidelines. Students from Lawton, OKC, and Tulsa will abide by clinical and community site requirements as well as College of Nursing requirements for screening, PPE and care of isolation or COVID-19 patients.

Clinical & Community Site Requirements:

- All students are required to complete the D2L pre-clinical survey 12 hours before they go to a new clinical site. Students must also complete the [University's online Screening and Reporting Tool](#) anytime they answer "disagree" to any of Questions 1-4 in the D2L survey or meet the circumstances in Section V 1-4 of the [OU College of Nursing Return to Clinical & Campus Guidelines Fall 2020](#).
- Students must check for updates to site policies.

| Tulsa Clinical Sites | | | | | | |
|---|--------------------------------------|---------------------------------|------------------------------------|--|--|---|
| Clinical Sites | Designated Parking | Designated Entrance | Covid-19 Exposure / Visitor Survey | Temperature Check | PPE Requirements (procedure Mask ONLY) | Care of Isolation or Covid-19 patients |
| Saint Francis Health System (both Main | 6 th floor parking garage | 4 th floor breezeway | None required. | Completed on nursing unit and documented | All patients wear masks; all staff are given one | Students would not care for any TB, COVID positive or Persons under |

| | | | | | | |
|---|--|--|--|--|--|-------------------------|
| and South sites) Contact: Keri Gerkin | | | | | mask/day and must be worn while in the facility. | investigation patients. |
|---|--|--|--|--|--|-------------------------|

Additional Comments - Saint Francis:

Plan for no students in ER, or COVID Units, or PUI for COVID. Keri was also going to avoid respiratory units 3W and 9W.

| Clinical Sites | Designated Parking | Designated Entrance | Covid-19 Exposure / Visitor Survey | Temperature Check | PPE Requirements (procedure Mask ONLY) | Care of Isolation or Covid-19 patients |
|---|----------------------------|---------------------|--|--|--|--|
| Ascension St. John Contact: Trisha Michaelis | Per usual – parking garage | Near parking garage | Required to complete by each student prior to clinical upon entry. | Temp. Checks upon entry. Anyone with a temp > 99.5 will not be allowed to stay at the facility that day. | Mask provided at screening; one per day. | If required to go into COVID rooms, PPE given. Regular isolation rooms – no PPE given other than standard precautions for the isolation. |

Additional Comments - St. John: Plan for no students in ER's.

| Clinical Sites | Designated Parking | Designated Entrance | Covid-19 Exposure / Visitor Survey | Temperature Check | PPE Requirements (procedure Mask ONLY) | Care of Isolation or Covid-19 patients |
|--|--|--|---|------------------------------------|--|---|
| Hillcrest Medical Center Contact: Tammy Williford | Parking Garage by the Women's Health Center- 2 nd floor or higher | North Plaza (off Utica) and Main Lobby entrances are both screening check points | Yes, completed at screening checkpoints | >100 will not be allowed to enter. | Facility Provided - one procedure mask per day | Students will not be permitted in our designated COVID-19 units (9 Tower, Stepdown Unit, MSICU East or the respiratory zone in the Emergency Department). |

Additional Comments -Hillcrest Medical Center: No ER's and other units as defined.

Oklahoma City Clinical Sites

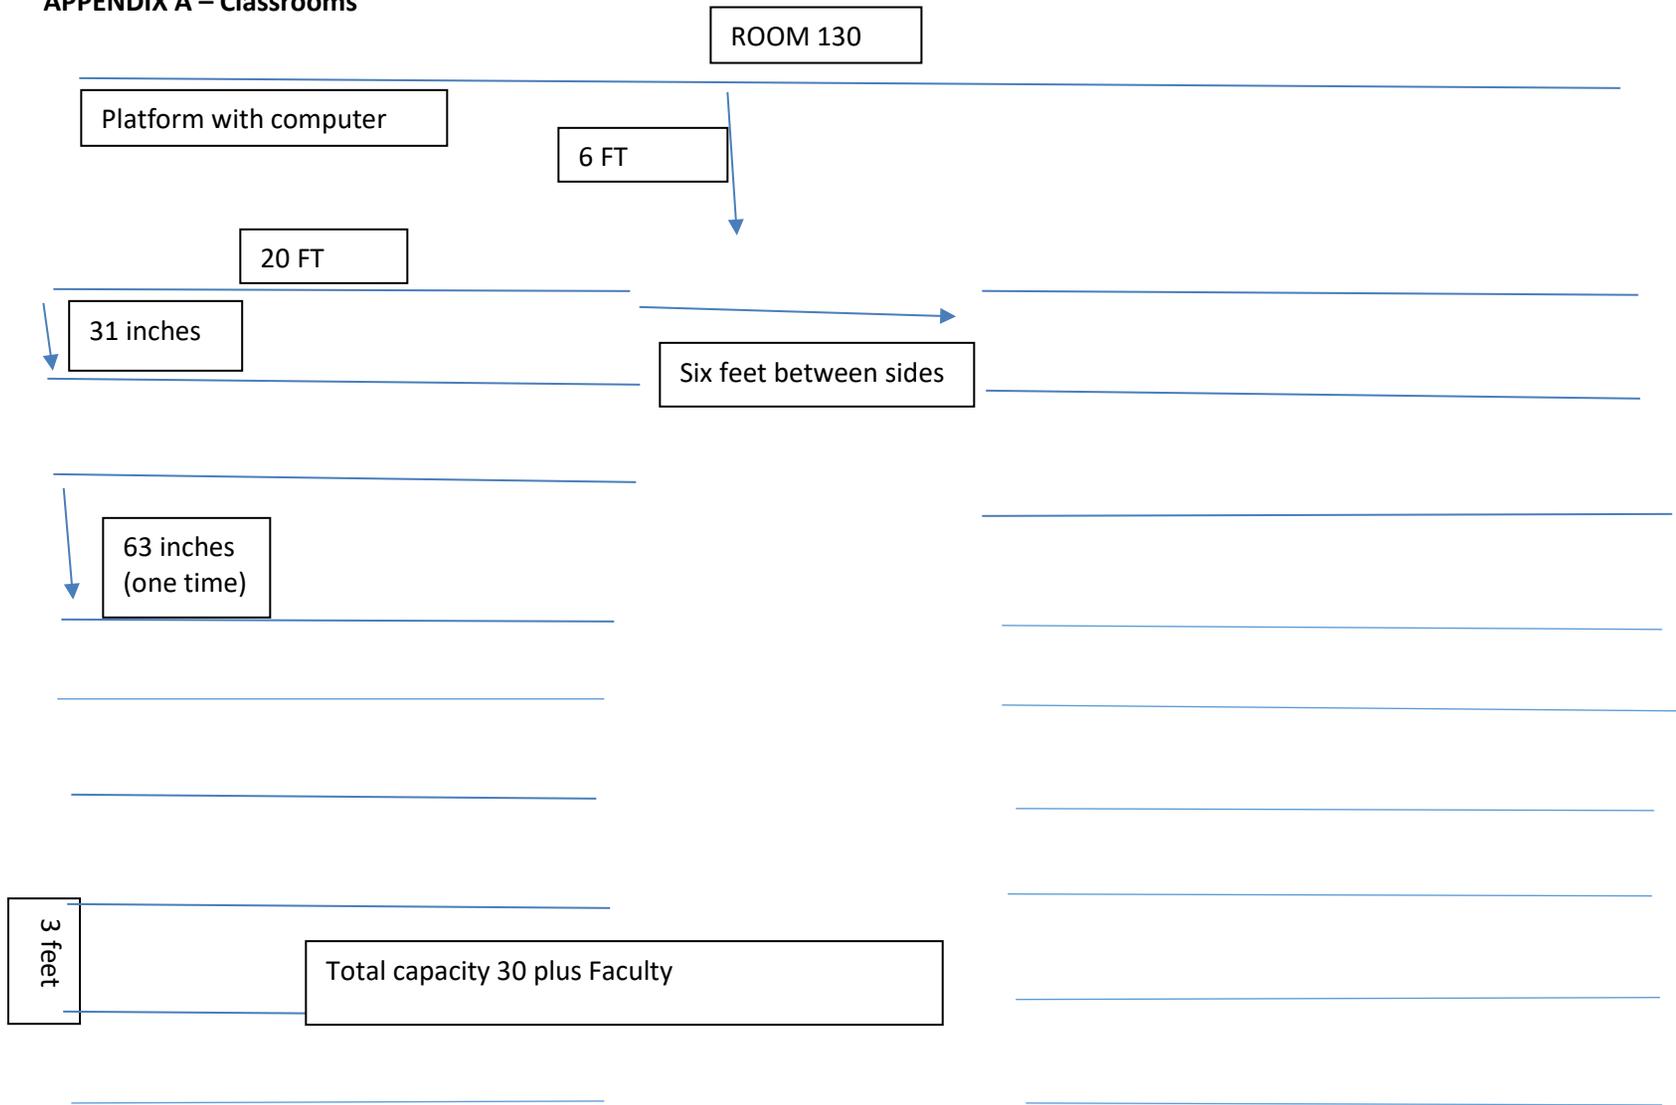

| Clinical Sites | Designated Parking | Designated Entrance | Covid-19 Exposure / Visitor Survey | Temperature Check | PPE Requirements (procedure Mask ONLY) | Care of Isolation or Covid-19 patients |
|---|---------------------------------|--|------------------------------------|-------------------|--|---|
| OUMI- Adult Tower Contact: Chris Jackson | Assigned OU CON Student Parking | Outpatient Surgery- located off S.L. Young | OUHSC Survey/OU CON Survey | As needed | OUHSC Masking/PPE Guidelines | Students would not care for any TB, COVID positive or Persons under investigation patients. |

| | | | | | | |
|---|--|---|---|--------------------------|---|---|
| OU Children's Contact: Chris Jackson | Assigned OU CON Student Parking | Samis Ed. Center-located Phillips & Children's Ave. | OUHSC Survey/OU CON Survey | As needed | OUHSC Masking/PPE Guidelines | Students will not care for TB, COVID positive or under investigation patients. |
| | | | | | | |
| Clinical Sites | Designated Parking | Designated Entrance | Covid-19 Exposure / Visitor Survey | Temperature Check | PPE Requirements (procedure Mask ONLY) | Care of Isolation or Covid-19 patients |
| OU Edmond Contact: Chris Jackson | Students to park in south lot, facing Target | Emergency/ Admissions entrance off 2 nd Street | OUHSC Survey/OU CON Survey | As needed | OUHSC Masking/PPE Guidelines | Students would not care for any TB, COVID positive or Persons under investigation patients. |
| Additional Comments – OUMI: No students in COVID units | | | | | | |

| Duncan Clinical Sites | | | | | | |
|---------------------------------------|----------------------------------|---|--|-------------------------------|---|---|
| Clinical Sites | Designated Parking | Designated Entrance | Covid-19 Exposure / Visitor Survey | Temperature Check | PPE Requirements (procedure Mask ONLY) | Care of Isolation or Covid-19 patients |
| Duncan Regional Hospital (DRH) | Parking South of Learning Center | Emergency Department or Ambulatory Care | Required to complete by student prior to clinical | Prior to Clinical daily & PRN | Mask provided at screening; one per day. | Restricted – No Pt. care by students |
| | | | | | | |
| Clinical Sites | Designated Parking | Designated Entrance | Covid-19 Exposure / Visitor Survey | Temperature Check | PPE Requirements (procedure Mask ONLY) | Care of Isolation or Covid-19 patients |

College Of Nursing

College of Nursing Pre-Clinical Survey

All College of Nursing students are required to complete this [CON Pre-clinical Survey](#) within 12 hours of arriving to their first new clinical experience. Completion of this survey is required before any new clinical location. Completion of this survey does NOT substitute for completion of the University's online Screening and Reporting Tool which is required any time a student experiences one of the scenarios listed on the online Screening and reporting tool. See Section V 1-4 of the [OU College of Nursing Return to Clinical & Campus Guidelines Fall 2020 \(p4 of this document\)](#).

Please respond to following statements:

1. I am not experiencing symptoms that could be consistent with COVID-19, such as fever, cough, shortness of breath or difficulty breathing, chills, muscle pain, sore throat, recent loss of taste or smell, and/or extreme fatigue in the last 14 days.
 Agree Disagree
2. I do not have COVID-19 test results pending, or have tested positive for COVID-19 infection within the last 14 days.
 Agree Disagree
3. I have not been in close contact (been within 6 feet, for approximately 15 minutes or more⁹) with an individual diagnosed with COVID-19 in the last 14 days or with someone who has been tested for COVID-19 and whose results are pending in the last 14 days.
 Agree Disagree
4. I do not have a household member who has tested positive for COVID-19 in the past 14 days.
 Agree Disagree
5. I have health insurance today.
 Agree Disagree
6. I reviewed COVID-19 Screening requirements for the institution I am assigned to attend clinical and understand I may have to provide additional information in order to enter and remain at the clinical site.
 Agree Disagree
7. I reviewed the personal protective equipment (PPE) policy for the institution I am assigned to attend clinical.
 Agree Disagree
8. To my knowledge, I will be provided with adequate personal protective equipment (PPE) while in clinical.
 Agree Disagree

If you answered, "**DISAGREE**" to any of the questions #1-4 contact your clinical faculty immediately via telephone and complete the University's online Screening and Reporting Tool located at <https://covidreporting.ouhsc.edu/>. **DO NOT ATTEND CLINICAL UNTIL YOU HAVE RECEIVED CLEARANCE**

⁹ It is possible for COVID-19 to spread in shorter periods of time or in different distances, so individuals should monitor their health and complete the online Screening and Reporting Tool if they experience COVID-19 symptoms.

FROM STUDENT/EMPLOYEE HEALTH IN RESPONSE TO YOUR SUBMITTED SCREENING FORM. Send your clearance to your clinical faculty.

If you answer disagree to any question #5-8 or if you arrive to clinical and discover adequate personal protective equipment (PPE) is not available, please contact your clinical faculty. If you are unable to contact your clinical faculty, contact your course coordinator by telephone. As a last resort, contact the Senior Associate Dean, Dr. Melissa Craft at 405-659-2670.

Additional Notes regarding Positive COVID-19 Tests and Confirmed COVID-19 Exposures. Should either situation occur, be sure to inform your clinical faculty or course coordinator immediately, as well as Student/Employee Health via the online Screening and Reporting Tool for your campus <https://covidreporting.ouhsc.edu/>.

- A. Positive COVID-19 Tests - If an employee or student tests positive for COVID-19, the University will cooperate with the appropriate health department in its contact tracing efforts.
1. Supervisors/Faculty who are made aware that an individual in their area has tested positive must contact General Services at 405-271-2311 or 918-660-3555 for disinfecting assistance, if the individual was in the area within the last four days.
 2. All employees and students who have received a positive COVID-19 laboratory test must obtain clearance from the Student/Employee Health before returning to on-campus University responsibilities via the COVID-19 Screening and Reporting Tool. <https://covidreporting.ouhsc.edu/>
- B. Confirmed COVID-19 Exposures - Employees and students who were exposed to a laboratory-confirmed COVID-19 positive individual are expected to notify the Student/Employee Health Clinic via the online COVID-19 Screening and Reporting Tool <https://covidreporting.ouhsc.edu/> and to follow the direction provided by the Clinic and by the health department involved (if any). That direction may require certain actions, such as to remain away from University property and from on- and off-campus events until approved for return by Student/Employee Health.

Revision History

| Effective Date of Substantive Revision | Section Revised | Description of Substantive Revision | Approved By |
|---|-------------------------|---|------------------------|
| 9/08/2020 | Page 1, first Paragraph | Added reference to more restrictive local, state, and federal laws/orders | SPPOT/EOC Exec; CCO |
| 9/08/2020 | III.A, 1,2 | Edited for clarity; added reference to surgical-style mask | SPPOT/EOC Exec; CCO |
| 9/08/2020 | IV,D | Added reference to surgical-style mask Added reference to outdoor events in IV And to masking compliance Program. In IV.D. | SPPOT/EOC Exec; CCO |
| 9/08/2020 | VI.B.2 and VII.A | Updated reporting process | SPPOT/EOC Exec; CCO |
| 9/08/2020 | VIII.A | Revised to put in question form and to omit travel, 7-day absence from campus, and event attendance | SPPOT/EOC Exec; CCO |
| 9/08/2020 | VIII.B.1 | Added clarification regarding OU/OUMI employees as visitors | SPPOT/EOC Exec; CCO |
| 9/08/2020 | IX | Revised to address domestic and International travel and to define mission-Critical and to omit screening requirement | SPPOT/EOC Exec; CCO |
| 9/08/2020 | XI | Added Paragraph E to include links to other OU campus plans | SPPOT/EOC Exec; CCO |
| 11/20/2020 | IV | Revised to require the addition of protective eyewear to all Faculty, staff, and students when involved in direct patient care | SPPOT/EOC Exec; CCO |
